Pokémon are a species of fictional creatures created for the Pokémon media franchise. Developed by Game Freak and published by Nintendo, the Japanese franchise began in 1996 with the video games Pokémon Red and Green for the Game Boy, which were later released in North America as Pokémon Red and Blue in 1998. In these games and their sequels, the player assumes the role of a Trainer whose goal is to capture and use the creatures... adac1ddde7 (I'm sorry for the boxes, I don't know why they appeared) adac1ddde7 The concert was initially planned as a Christmas special by the network and Presley's manager, Colonel Tom Parker. Producer Bob Finkel hired director Steve Binder, who, rather than creating a Christmas special, created a concert that would reflect the musical trends of the time and appeal to a younger audience. Filming took place in June 1968 at NBC Studios in Burbank, California. The special included a sit-down session that showcased Presley in an informal setting, surrounded by fans and a small band. adac1ddde7

Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the equivalent words you need to learn in the other language to achieve fluency. Eventually these words will all be translated into big lists in many different languages and using the words in phrase contexts as a resource. You can use the list to generate your own lists in whatever language you're learning and to test yourself. A big list will constantly show you what words you don't know and what you need to work on and is useful for testing yourself adac1ddde7

== Background == adac1ddde7 Discuss this adac1ddde7 == Origin of the universe == adac1ddde7 I just noticed that a feature which Ligulem requested last week has already been implemented. If you click 'edit' on a page and scroll down to the list of pages transcluded onto it you will now see "(protected)" or "(semi-protected)" next to those which have such status. This is a quick way of identifying any templates on the Main Page, Main Page/Tomorrow, the 'article of the day', or any other page are vulnerable to vandalism. Good job by the devs. You aren't currently logged in. --CBD 13:52, 1 January 2007 (UTC) adac1ddde7 == Design and development == adac1ddde7 The consultation phase is scheduled to end 23:59, 19 February 2012 (UTC), and the appointments are scheduled to be announced by 29 February 2012. adac1ddde7 The following list details the 151 Pokémon of generation I in order of their National Pokédex number. The first Pokémon, Bulbasaur, is number 0001 and the last, Mew, is number 0151. Alternate forms that result in type changes are included for convenience. Mega evolutions and regional forms are included on the pages for the generation in which they were introduced. MissingNo., a glitch, is also on this list. adac1ddde7
