Sharifu is a great grandson of Taibu Magatto, the first Katambala (Chief) of Butambala, the only county given to the Ugandan muslim community by the British Imperial Government in the 1900 Buganda agreement. 8537f50f53 Sickle cell disease occurs when a person... 8537f50f53 == Programmes of the Foundation == 8537f50f53 Taiwo Ajai-Lycett as Sanya's Mum 8537f50f53 == Biography == 8537f50f53 Collins Enebeli as 8537f50f53 Problems in sickle cell disease typically begin around 5 to 6 months of age. Several health problems may develop, such as attacks of pain (known as a sickle cell crisis) in joints, anaemia, swelling in the hands and feet, bacterial infections, dizziness and stroke. The probability of severe symptoms, including long-term pain, increases with age. Without treatment, people with sickle cell disease rarely reach adulthood, but with good healthcare, median life expectancy is between 58 and 66 years. All of the major organs are affected by sickle cell disease. The liver, heart, kidneys, lungs, gallbladder, eyes, bones, and joints can be damaged by abnormal sickle cells and their inability to flow through the small blood vessels. 8537f50f53

Bukola Awoyemi as Bukola 8537f50f53 He was the first Executive Director of the Uganda Sickle Cell Rescue Foundation (USCRF) a non-profit organisation working to promote awareness, sensitisation and fighting Sickle Cell Disease in Uganda (a position he... 8537f50f53 In addition to annual commemorative events, the President may proclaim a day or period designated for mourning or prayer after the death of noted officials... 8537f50f53 == Early life and education == 8537f50f53 Seun Akindele as Sanya 8537f50f53 Khabirat Kafidipe as Tade 8537f50f53

Pneumococcal Awareness Council of Experts Established in December 2006, The Council seeks to raise awareness among policymakers and aims to secure global commitments to prevent pneumococcal disease, a leading infectious killer of children and adults worldwide. The Council works in collaboration and partnership with countries, NGOs, academia and industry. Systematic Literature Review, and Bacterial Infections in Persons with Sickle Cell Disease: A Review of Data from Africa with a Focus on Pneumococcal Disease The Pneumococcal Awareness Council of Experts (PACE) is a project of the Sabin Vaccine Institute and is composed of global experts in infectious diseases and vaccines 8537f50f53

PACE is made up of 21 global experts on infectious diseases and vaccines from 17 countries around the world. The Council is chaired by Ciro A. de Quadros, Executive Vice President of the Sabin Vaccine Institute and Orin Levine, Executive Director of PneumoADIP at the Johns Hopkins Bloomberg School of Public Health. 8537f50f53 Hertz Nazaire was born in Port-au-Prince, Haiti, in 1973 to Yvesrose Nazaire. He and his mother immigrated to the United States at eight years of age, living first in New York and then in Bridgeport, Connecticut. Diagnosed with sickle cell anemia (HbSS) at a young age, Nazaire's experience with chronic pain and frequent hospitalizations shaped much of his artistic and personal outlook. He preferred to be called "Naz" as "Hertz" sounded too much like "hurts" and was used by classmates to tease him in his youth. 8537f50f53 After witnessing the plight of Vietnamese children in 1963, Princess Grace founded the Association to support the fundamental rights of children across the globe. AMADE's code of conduct was later influenced by the Convention on the Rights of the Child, adopted by the United Nations in 1989, as well as the Millennium Declaration adopted in 2000 to fight against poverty. 8537f50f53

List of observances in the United States by presidential proclamation S. Generally the President will provide a statement about the purpose and significance of the observance, and call on the people of the United States to observe the day "with appropriate ceremonies and activities". Holidays proclaimed in this way may be considered a U. S. law provides for the declaration of selected public observances by the President of the United States as designated by Congress or by the discretion of the President. S. Cream Month September: National Childhood Cancer Awareness Month September: National Sickle Cell Awareness Month September: National Alcohol and Drug Addiction U. "national observance", but it would be improper to refer to them as "federal holidays". However, (with several exceptions) there is no requirement that government or business close on these days, and many members of the general public may not be aware that such holidays even exist. Code, in which cases the President is under obligation to issue an annual proclamation. These events are typically to honor or commemorate a public issue or social cause, ethnic group, historic event or noted individual. Many of these observances designated by Congress are authorized under permanent law under Title 36, U 8537f50f53
