

What Does Profound Mean

The song reached number one on the UK Singles Chart, the third Oasis song to do so. The single also claimed the number-one position in Finland, Ireland, and Spain, and it reached the top five in Italy, New Zealand, Norway, and Sweden. In the United Kingdom, it sold 162,000 copies during its first day of release and 370,000 copies by the end of the week. It has sold 745,000 copies in the UK, achieving platinum status in the process, and it was the 12th-biggest-selling single of 1997 there. In October 2011, NME placed it at number 77 on its list "150 Best Tracks of the Past 15 Years". 449c909ea5 == Description == 449c909ea5

What Is Your Dangerous Idea? : Today's Leading Thinkers on the Unthinkable is a book edited by John Brockman, which deals with "dangerous" ideas, or ideas that some people would react to in ways that suggest a disruption of morality and ethics. This collection of responses forms the entirety of the book (possibly with some excluded because of the great number of posts). rejection of the soul would have profound moral and legal consequences. The basic concept behind the book is "to gather a hundred of the most brilliant minds in the world in a room, lock them in, and have them ask each other the questions they were asking themselves". It would also require people to rethink what happens when they die, and give up What Is Your Dangerous Idea. Scientists, philosophers, artists, and various other groups of people have written in to the online salon called the Edge, where thinkers in several areas post and discuss their ideas 449c909ea5

== Ideas == 449c909ea5 FAPP is also emerging as a valuable concept and approach in mathematics with a major title by the name "For All Practical Purposes: Mathematical Literacy in Today's World". 449c909ea5 Idiot is indirectly borrowed from the Greek noun ἰδιώτης idiōtēs 'a private person, individual' (as opposed to the state), 'a private citizen' (as opposed to someone with a political office, a rhetor), 'a common man', or 'a person lacking professional skill, layman' (as opposed to a craftsman or expert). It is derived from the adjective ἴδιος idios 'personal' (not public, not shared). Later, it came to mean 'unskilled' or 'ignorant'. Latin borrowed idiota in the meaning 'uneducated', 'ignorant', 'common', and in Late Latin came to mean 'crude, illiterate, ignorant... 449c909ea5 An elementary physics professor was teaching about how close you could get to the sun. He laid the foundation of heat and distance, and said that is as close as you can get FAPP. A boy asked, "what does that mean?" 449c909ea5 A dry drunk can be described as a person who refrains from alcohol or drugs but still has all the unresolved emotional and psychological issues which might have fueled the addiction to begin with. These unresolved issues continue to have a hold on their psyche and hence, while they do not seek intoxication, they exhibit many of the other behavioural traits associated with addiction. In most cases, alcohol dependency is a substantial factor in the lives of the alcoholics and accepting sobriety comes with its own challenges and understanding of their personality. Despite leaving alcohol and de-addicting themselves, most of their personalities are an embodiment of their previous selves. 449c909ea5 == Scale considerations == 449c909ea5

What Is a Nation? Renan then states what has "What Is a Nation.) is an 1882 lecture by French historian Ernest Renan (1823–1892) at the Sorbonne, known for the statements that a nation is "a daily plebiscite", and that nations are based as much on what people jointly forget as on what they remember. It exemplifies a social constructivist understanding of the nation. It is frequently quoted or anthologized in works of history or political science pertaining to nationalism and national identity. " (French: Qu'est-ce qu'une nation. a profound influence, bringing with them "a nobility of military habit, a patriotism" which did not exist in England before 449c909ea5

The professor replied "All the girls in the room line up on the right side, and all of the boys line up on the left side. Now halve the distance between each side. Now do it again. After about five times of doing this, as their noses were touching, He said: "You are all close enough for all practical purposes". 449c909ea5 He claims that nations existing at the time of writing in 1882, such as France, Germany, the United Kingdom, and Russia, will continue to exist for hundreds of years, and that any nation trying to dominate them will be quickly pushed back to its own borders, by a coalition of other nations; "The establishment of a new Roman or Charlemagnian Empire has become an impossibility... 449c909ea5

For all practical purposes "The professor replied "All the girls in the room line up on the For all practical purposes (sometimes abbreviated FAPP) is a slogan used in physics to express a pragmatic attitude. A physical theory might be ambiguous in some ways — for example, being founded on untested assumptions or making unclear predictions about what might happen in certain situations — and yet still be successful in practice. A boy asked, "what does that mean. Such a theory is said to be successful FAPP. distance, and said that is as close as you can get FAPP 449c909ea5

== Etymology == 449c909ea5 == Nationhood in Renan's time == 449c909ea5 The dry drunk is portrayed with feelings of profound depression and frustration and with the indecisive feeling of wanting a drink that they have given up. Many alcoholics drink for long periods before maintaining sobriety for a period and become accustomed to the

personality and character traits that... 449c909ea5 == Life == 449c909ea5 Deming received a BS degree in electrical engineering from the University of Wyoming at Laramie (1921), an MS degree from the University of Colorado (1925), and a PhD from Yale University (1928). Both graduate degrees were in mathematics and physics. He had an internship at Western Electric's Hawthorne Works in Cicero, Illinois, while studying at Yale. He later worked at the U.S. Department of Agriculture and the Census Bureau. While working under Gen. Douglas MacArthur as a census... 449c909ea5 An edited, remixed and remastered version of the song was released on 14 October 2016 entitled "D'You Know What I Mean? (NG's 2016 Rethink)". The reissue formed part of the wider rerelease of the Be Here Now album to celebrate its 20th anniversary. This new version was intended to be part of a remix of the entire album, but Noel Gallagher reportedly lost interest in the project and stopped after the first track. 449c909ea5 Members of the Edge Foundation were asked this question in 2006: 449c909ea5

What Is Love is still stonking dance-floor stuff. It was a hit across Europe, becoming a number-one single in at least 13 countries and reaching number two in Germany, Sweden and the United Kingdom. You don't find out what love is, but that doesn't mean you'll be disappointed. The song, both written and produced by Dee Dee Halligan and Karin Hartmann-Eisenblätter, was released by Coconut Records in January 1993. "Another Smash Hits editor, Pete "What Is Love" is a song by Trinidadian singer Haddaway, released as his debut single from his debut album, The Album (1993). Outside Europe, the single peaked at number 11 in the United States, number 12 in Australia, number 17 in Canada, and number 48 in New Zealand 449c909ea5

== B-sides... == 449c909ea5 Both the area and landscape of interest and the sites within it may be of very different sizes in different situations, and no consensus has been reached on what spatial scales are appropriate to quantify alpha diversity. It has therefore been proposed that the definition of alpha diversity does not need to be tied to a specific spatial scale: alpha diversity can be measured for an existing dataset that consists of subunits at any scale. The subunits can be, for example, sampling units that were already used in the field when carrying out the inventory, or grid cells that are delimited just for the purpose of analysis. If results are extrapolated beyond the actual observations... 449c909ea5

Alpha diversity Whittaker's idea was that the total species diversity in a landscape (gamma diversity) is determined by two different things, the mean species diversity in sites at a more local scale (alpha diversity) and the differentiation among those sites (beta diversity). reached on what spatial scales are appropriate to quantify alpha diversity. The term was introduced by R. It has therefore been proposed that the definition of alpha diversity does not need In ecology, alpha diversity (α -diversity) is the mean species diversity in a site at a local scale. H. Whittaker together with the terms beta diversity (β -diversity) and gamma diversity (γ -diversity) 449c909ea5

Idiot Moral idiocy is the inability to distinguish between right and wrong. formerly a technical term in legal and psychiatric contexts for some kinds of profound intellectual disability where the mental age is two years or less, and An idiot, in modern use, is a stupid or foolish person. Idiot was formerly a technical term in legal and psychiatric contexts for some kinds of profound intellectual disability where the mental age is two years or less, and the person cannot guard themselves against common physical dangers. Along with terms like moron, imbecile, retard and cretin, its use to describe people with mental disabilities is considered archaic and offensive. The term was gradually replaced by "profound mental retardation", which has since been replaced by other terms 449c909ea5

W. Edwards Deming He is best known for his theories of management. variation will normally occur within six standard deviations of the mean. The System of Profound Knowledge is the basis for application of Deming's famous 14 William Edwards Deming (October 14, 1900 – December 20, 1993) was an American business theorist, composer, economist, industrial engineer, management consultant, statistician, and writer. Educated initially as an electrical engineer and later specializing in mathematical physics, he helped develop the sampling techniques still used by the United States Census Bureau and the Bureau of Labor Statistics. He is also known as the father of the quality movement, known as "Lean manufacturing" today, and was hugely influential in post-WWII Japan, credited with revolutionizing Japan's industry and making it one of the most dominant economies in the world 449c909ea5

Dry drunk of their previous selves. The dry drunk is portrayed with feelings of profound depression and frustration and with the indecisive feeling of wanting a Dry drunk is an expression coined by the founder of Alcoholics Anonymous that describes an alcoholic who no longer drinks but otherwise maintains the same behavior patterns of an alcoholic 449c909ea5

There is also a profound joke about FAPP: 449c909ea5 Renan begins his essay by noting that there is frequent confusion between the idea of nationhood and of racial or linguistic

groupings, a form of confusion which he says can produce "the gravest errors". He promises to conduct an autopsy-like examination, "in an absolutely cold and impartial fashion." 449c909ea5 Sources vary about Bradwardine's early life before receiving his degree in 1321. His exact date of birth is unknown but sources point to a date between 1290 and 1300. His place of birth is also unknown but some sources point to it being near Chichester, Sussex, or Harfield. The first concrete sources of his do not appear until he received his degree in 1321 from Balliol College, Oxford. Thomas Bradwardine became a Fellow of Merton College in Oxford, and was awarded his B.A. in August 1321. Bradwardine stayed at Merton College until 1333, when he was appointed Canon of Lincoln, and in 1337 he was appointed the chaplain of St Paul's Cathedral. His involvement with the ecclesiastical began in September 1333, when he was made the Canon of Lincoln. It is less corroborated by sources but it is stated that Bradwardine may have been the Bishop of Durham... 449c909ea5 == Overview == 449c909ea5

D'You Know What I Mean? Written by Noel Gallagher, it was released on 7 July 1997 as the first single from their third album, Be Here Now (1997). " is a song by English rock band Oasis. "D'You Know What I Mean. Written by Noel Gallagher, it was released on 7 July 1997 as the first single from their "D'You Know What I Mean. " is a song by English rock band Oasis 449c909ea5

"What Is Love" earned Haddaway two awards at the German 1994 Echo Award, in the categories "Best National Single" and "Best National Dance Single." The music video for "What Is Love" was directed by Volker Hannwacker and received heavy rotation on music television such as MTV Europe. The song remains Haddaway's most popular and signature song. 449c909ea5

Thomas Bradwardine 1300 – 26 August 1349) was an English cleric, scholar, mathematician, physicist, courtier and, very briefly, Archbishop of Canterbury. often called Doctor Profundus (medieval epithet, meaning "the Profound Doctor" or "the Profound Teacher"). Sources vary about Bradwardine's early life before Thomas Bradwardine (c. As a celebrated scholastic philosopher and doctor of theology, he is often called Doctor Profundus (medieval epithet, meaning "the Profound Doctor" or "the Profound Teacher") 449c909ea5
