== Chemistry == 404756e073 In his first speech as leader of the Labour Party on 2 October 1962, Anne Vondeling suggested the creation of a second television channel. He proposed the Dutch public broadcasting

system a plan for an expensive service, which, in order to cover operating costs, would allow commercial advertising, which was still illegal on Dutch television, while also reducing the price of television sets. The channel would provide a "real alternative" to the existing channel and would appear if a commercial company would be in charge. In the following month, the government amended the proposal to a 30-hour a week service, in which 20 hours would be given... 404756e073

With IBM's entry into the market, VisiCalc was slow to respond, and when they did, they launched what was essentially a straight port of their existing system despite the greatly expanded hardware capabilities. Lotus's solution was marketed as a three-in-one integrated solution: it handled spreadsheet calculations, database functionality, and graphical charts, hence the name "1-2-3", though how much database capability the product actually had was debatable, given the sparse memory left over after launching 1-2-3. It quickly overtook VisiCalc, as well as Multiplan and SuperCalc, the two VisiCalc competitors. 404756e073 High School Musical 2 retained Utah as a central filming location with a return to East High School, while Entrada at Snow Canyon Country Club was used as the filming location for the Evans' country club.
