Character designer Yūji Iwahara inspired Okamura to work on Darker than Black, based on his work on the video game Koudelka and its manga version. The narrative was inspired by Japanese dramas, which were explored in two consecutive episodes. Okamura wanted to give his audience comic and dark stories for variety. Actual locations, including Shinjuku and a police station, were photographed to make the series more realistic. Tensai Okamura found early designs unacceptable; until his image of the characters matched Iwahara's, the pictures were redrawn many times. Iwahara found his work on the anime more challenging than his manga, since he had to keep up with staff requests and had little artistic freedom. 7e2aea1372 The film is a three-act story about Bela "Willie" Molnar, who lives in Brooklyn, and his interactions with the two other main characters, his cousin Eva and friend Eddie. 7e2aea1372 Soon co-authored The Maunder Minimum and the Variable Sun-Earth Connection with Steven H. Willie makes it clear that he does not want Eva there.... 7e2aea1372 Lennon's comments incited protests and threats, particularly throughout the Bible Belt in the Southern United States. Some radio stations stopped playing Beatles songs, records were publicly burned, press conferences were cancelled, and the Ku Klux Klan picketed concerts. The controversy coincided with the band's 1966 US tour and overshadowed press coverage of their newest album, Revolver. Upon release, the album received acclaim from music critics, who praised its stylistic, restrained production, and insightful lyrics. At the 64th Annual Grammy Awards, the album and its title track received a total of seven nominations, including Album of the Year, Best Pop Vocal Album, Song of the Year and Record of the Year. 7e2aea1372 Due to the nature of some of the lyrics (particularly "Big Dumb Sex"), a Parental Advisory sticker was placed on the album packaging. Louder Than Love would become the band's first album to chart on the Billboard 200, peaking at No. 108, and it was also the first grunge record to enter that chart. The band supported the album with tours of North America and Europe. This was the last Soundgarden album to feature the band's original bassist, Hiro Yamamoto. 7e2aea1372
