

682 Phone Area Code

== History == 688ec78101 On January 29, 2008, the West Virginia Public Service Commission voted to split numbering plan area 304, while commission chairman dissented in favor of an overlay. The proposed split had Charleston, Parkersburg and points south (Huntington, Bluefield, Beckley) staying with area code 304, while the northern and eastern portions of the state (Wheeling, Morgantown, Martinsburg, Clarksburg) would have received a new area code. Telecommunications service providers were also in favor of an overlay. They wanted to spare their northern West... 688ec78101 The area code is one of the two parents, along with area code 604, of an overlay complex with area codes 778, 236, 672, and 257 that extends to the entire province. 688ec78101 The first telephone system was installed in Newfoundland in 1885, but domestic long-distance calls within the Dominion of Newfoundland could be placed on a limited basis only in 1921. The first long-distance call from Newfoundland to Canada was made on January 10, 1939, by using a shortwave radio link operated by the Canadian Marconi Company in Montréal. Shortwave radio also carried calls from St. John's to London, England. 688ec78101 == Service area == 688ec78101

Area codes 541 and 458 state of Oregon, excluding only the northwestern corner of the state. Area code 458 was added to the same service area on February 10, 2010 to form an overlay. Area codes 541 and 458 are telephone area codes in the North American Numbering Plan (NANP) for most of the U. S. S. state of Oregon, excluding only the northwestern Area codes 541 and 458 are telephone area codes in the North American Numbering Plan (NANP) for most of the U. Area code 541 was created in an area code split from area code 503 on November 5, 1995. The service area includes the cities of Eugene, Springfield, Corvallis, Albany, Grants Pass, Medford, Bend, Ashland, Klamath Falls, The Dalles, Burns, Lakeview, and Pendleton, as well as the coastal region from Lincoln County to the California border 688ec78101

This was intended as a long-term solution, as northwest Oregon contains most of Oregon's population, and with it the great majority of Oregon's landlines and cell phones. However, by 2007, 541 was quickly exhausting central office codes, due to the proliferation... 688ec78101

Area codes 208 and 986 Area code 208 is one of the 86 original

North American area codes designated by the American Telephone and Telegraph Company (AT&T) in 1947. It was Idaho's sole area code for seventy years. In 2017, 986 was added to the same numbering plan area in creating an overlay complex. Area code 208 is one of the 86 original Area codes 208 and 986 are telephone area codes in the North American Numbering Plan (NANP) for all of Idaho. Area codes 208 and 986 are telephone area codes in the North American Numbering Plan (NANP) for all of Idaho 688ec78101

Due to West Virginia's low population, the state still needed only one area code in the early 21st century. With the growth of telecommunication services, in particular proliferation of cell and mobile phones and fax machines, news reports in 2007 indicated that West Virginia would soon need a new area code. 688ec78101 Despite British Columbia's growth in the second half of the 20th century, 604 remained the province's sole area code for nearly 50 years. By the mid-1990s, however, the need for a new area code in the province arose from rapid expansion of telecommunication services for cell phones and pagers. The number shortage was particularly... 688ec78101 Area code 604 is one of the original 86 area codes assigned in 1947 in the contiguous United States and Canada. It designated the province of British Columbia. 604 also served Point Roberts, Washington, a pene-enclave of the United States until 1968, when the area was reassigned to area code 206; since 1995, it is served by area code 360. 688ec78101 The numbering plan area is adjacent to seven provinces (Alberta, British Columbia, Manitoba, Newfoundland and Labrador, Ontario, Saskatchewan, and Quebec) and one U.S. state (Alaska), as well as Greenland and Russia (across the North Pole), more jurisdictions than any other in North America. It is also one of two Canadian area codes that are not part of an overlay numbering plan, the other being 807. 688ec78101 When the first comprehensive continental telephone numbering plan was created in 1947, establishing the original North American area codes, Newfoundland had not yet become of part of Canada. No provisions had been made to include Newfoundland in the numbering plan. The Newfoundland telephone system was entirely manual, and dial telephones came to St. John's only in 1948. 688ec78101 The area codes also serve the small United States community of Hyder, Alaska, which is located along the Canada-United States border near the town of Stewart. 688ec78101

Area code 604 The numbering plan area comprises Metro Vancouver, the Sunshine Coast, Howe Sound / Sea-to-Sky Corridor, Fraser Valley, and the lower Fraser Canyon regions. The

numbering plan area is also served by area codes 236, 257, 672, and 778 in an overlay complex that extends to the entire province. Area code 604 is a telephone area code in the North American Numbering Plan for the southwestern corner of British Columbia, Canada. The numbering plan Area code 604 is a telephone area code in the North American Numbering Plan for the southwestern corner of British Columbia, Canada. The area code is one of the nine original North American area codes assigned to Canada in 1947 688ec78101

Because of its small population, Idaho was among a declining number of North American jurisdictions with only one area code. It is also one of the few whole-state area codes split between multiple LATAs—Southern Idaho (centered in Boise and spilling into Nevada, Wyoming and Malheur County, Oregon) and Coeur d'Alene (spilling into Montana and Washington). Additionally, the Spokane, Washington LATA spills into central Idaho. 688ec78101 == History == 688ec78101 == History == 688ec78101

Area code 250 The incumbent local exchange carriers that service the area code are Telus, Northwestel, and CityWest in the city of Prince Rupert. Area code 250 is a telephone area code in the North American Numbering Plan (NANP) for the Canadian province of British Columbia outside the Lower Mainland Area code 250 is a telephone area code in the North American Numbering Plan (NANP) for the Canadian province of British Columbia outside the Lower Mainland, including Vancouver Island - home to the provincial capital, Victoria - and the province's Interior region. In addition, the numbering plan area extends into the United States community of Hyder, Alaska, located along the Canada-United States border near the town of Stewart 688ec78101

== History == 688ec78101 == History == 688ec78101

Area code 867 The area code was created on October 21, 1997, for a new numbering plan area (NPA) established from combining regions that had been served by area code 403 and area code 819. As the least populated NPA in mainland North America, serving about 130,000 people, it is geographically the largest, with Alaska (907) a distant second. Area code 867 is the telephone area code in the North American Numbering Plan (NANP) for the three Canadian territories, all of which are in Northern Canada Area code 867 is the telephone area code in the North American Numbering Plan (NANP) for the three Canadian territories, all of which are in Northern Canada 688ec78101

Area code 503 was used for the entire state of Oregon until November 5, 1995, when the numbering plan area was reduced

to just the populous northwestern corner of the state, including Portland and Salem, and area code 541 began service for the rest of the state. The dividing line ran east and south of Portland. 688ec78101 == History == 688ec78101 The incumbent local exchange carrier for area code 867 is Northwestel, a subsidiary of BCE. Until 1964, the geographic area served today by 867 had up to five independent telephone companies, and by Bell Canada. 688ec78101 In 2001, the North American Numbering Plan Administrator (NANPA) projected that demand would exhaust the numbering pool of area code 208 in 2003. The number shortage was a result of the proliferation of landlines, cellphones, and pagers, particularly in urban areas, in the 1990s. However, in 2002 the Idaho Public Utilities Commission (IPUC) successfully delayed a split... 688ec78101

Area codes 617 and 857 state of Massachusetts, serving the city of Boston and several surrounding communities such as Brookline, Cambridge, Newton and Quincy. Area code 617 is one of the original North American area codes created in October 1947, when it served the eastern two-thirds of Massachusetts, from roughly the western end of Worcester County to Cape Cod and the South Coast. state of Massachusetts, serving the city of Boston Area codes 617 and 857 are telephone area codes in the North American Numbering Plan (NANP) for the U. S. S. Area codes 617 and 857 are telephone area codes in the North American Numbering Plan (NANP) for the U 688ec78101

== History == 688ec78101 After Newfoundland's Confederation with the Dominion of Canada was enacted in 1949, the first cross-province long-distance call was placed from St. John's to Port aux Basques in 1949. 688ec78101

Area codes 778, 236, 672, and 257 Area codes 778, 236, 672, and 257 are telephone overlay area codes in the North American Numbering Plan (NANP) for the Canadian province of British Columbia Area codes 778, 236, 672, and 257 are telephone overlay area codes in the North American Numbering Plan (NANP) for the Canadian province of British Columbia. They overlay area code 604, which serves a small southwestern section, the Lower Mainland, of the province (including Vancouver), and area code 250, which serves the rest of the province 688ec78101

In July 1988, most of the western, northern, and southern portions of the old 617 territory, including Worcester County, the Merrimack Valley, the South Coast, and the Cape and Islands, were split off as area code 508. Permissive dialing of 617 continued... 688ec78101 Massachusetts was the only New England state divided into multiple numbering plan areas (NPAs)

when the American Telephone and Telegraph Company (AT&T) devised the first nationwide telephone numbering plan in 1947. Area code 617 was assigned to the more populous eastern portion, stretching from roughly the western end of Worcester County to Cape Cod and the South Coast. The rest of the state, roughly everything from Hardwick westward, was served by area code 413. 688ec78101 == History == 688ec78101 In 1949, Newfoundland was added in an expansion of... 688ec78101

Area codes 304 and 681 state of West Virginia. proliferation of cell and mobile phones and fax machines, news reports in 2007 indicated that West Virginia would soon need a new area code. The numbering plan area was established in October 1947 with area code 304, as one of the 86 original North American area codes. On January 29, 2008, Area codes 304 and 681 are telephone area codes in the North American Numbering Plan (NANP) for the entirety of the U. Area code 681 was added to the same area as an overlay in 2009. S 688ec78101

The area codes serve most of the South Shore, and the suburbs along Route 128 and surrounding towns. The service area includes portions of the following counties: 688ec78101 In 1947, Alberta was assigned area code 403 in the first continent-wide telephone numbering... 688ec78101 == History == 688ec78101 Area code 604 had served as British Columbia's sole area code for 50 years since the establishment of the first continental telephone numbering plan in 1947 by the American Telephone and Telegraph Company. In 1997, area code 250 was installed for Vancouver Island and the Interior, while area code 604 was restricted to serve Vancouver and the Lower Mainland. Intended as a long-term solution, the proliferation of telephone service in the area required additional central office code relief within only four years. While telephone numbers tended to be used up fairly quickly in the immediate Vancouver area due to its rapid growth, the number allocation problem was particularly severe... 688ec78101 Some mobile telephone numbers assigned in the 1990s to rate centers in 781 and 339 kept the 617 area code just on those mobile lines after the split. 688ec78101

Area codes 709 and 879 Area codes 709 and 879 are the telephone area codes in the North American Numbering Plan (NANP) for the Canadian province of Newfoundland and Labrador Area codes 709 and 879 are the telephone area codes in the North American Numbering Plan (NANP) for the Canadian province of Newfoundland and Labrador 688ec78101

As of 2026, both 781 and 339 are well supplied with available numbers, and exhaustion is not projected until 2156. 688ec78101

Area codes 781 and 339 S. Major cities and towns with the area code include Waltham, Woburn, Lynn, Weymouth and Dedham. Area code 339 is an overlay complex code for the same service area, activated on May 2, 2001. It was created as in an area code split of area code 617 on September 1, 1997. Use of 781 became mandatory February 1, 1998. The numbering plan area consists of Boston's inner suburbs along the Route 128 corridor, and some outer suburbs, especially in the South Shore region. Since then, ten-digit dialing has been mandatory. state of Massachusetts. S. Area code 781 and 339 are telephone area codes in the North American Numbering Plan for the U. The numbering plan area consists Area code 781 and 339 are telephone area codes in the North American Numbering Plan for the U. state of Massachusetts 688ec78101
