

Telangana State Pollution Control Board

The Qutb Shahi dynasty's Muhammad Quli Qutb Shah established Hyderabad in 1591 to extend the capital beyond the fortified Golconda. In 1687, the city was annexed by the Mughals. In 1724, Asaf Jah I, the Mughal viceroy, declared his sovereignty and founded the Asaf Jahi dynasty, also known as the Nizams. Hyderabad served as the imperial capital of the Asaf Jahis from 1769 to 1948. As the capital of the princely state of Hyderabad, the city housed the British Residency and cantonment until Indian independence... a454089900

Administration of Hyderabad The executive powers of the GHMC lie with the Municipal Commissioner appointed by the Government of Telangana. Each ward is headed by a corporator, elected by popular vote. The In Hyderabad, India, the Greater Hyderabad Municipal Corporation (GHMC) is in charge of the civic administration and infrastructure of the city. 34 billion, funded by the state government. GHMC covers an area of 650 km² (250 sq mi), spread over the four districts—Hyderabad, Ranga Reddy, Medchal–Malkajgiri and Sangareddy. The GHMC is divided into five zones and eighteen circles that contain 150 municipal wards. The State Election Commission (SEC) monitors the municipal elections that are held in the city once in every five years. The corporators elect The City Mayor who is the titular head of GHMC. The Indian National Congress alliance with Majlis Ittehadul Muslimeen formed the majority, with the agreement of sharing the mayor post equally between the two parties. The Telangana Pollution Control Board (TSPCB) is a regulatory and screening authority of pollution in Hyderabad. The first election of the GHMC were held in December 2009. It was formed in April 2007 by merging 100 wards of the erstwhile Municipal Corporation of Hyderabad (MCH) with twelve municipalities of neighbouring two districts a454089900

Under the rule of the Qutub Shahi dynasty (ca. 1518–1687), this lake served as the drinking water source for the residents of Golconda Fort. a454089900

Air pollution in India India's Central Pollution Control Board now routinely monitors four air pollutants namely sulphur dioxide Air pollution in India is a serious environmental issue. blanket of smog, which was the worst in 17 years. The main contributors to India's particulate air pollution include industrial and vehicular emissions, construction dust and debris, dependence on thermal power for electricity, waste burning, and use of wood and dung by low-income and rural households for cooking and heating. 51% of India's air pollution is caused by industrial pollution, 27% by vehicles, 17% by crop burning and 5% by other sources. In autumn and spring months, large scale crop residue burning in agriculture fields – a cheaper alternative. Air pollution contributes to the premature deaths of 2 million Indians every year. Emissions come from vehicles and industry, whereas in rural areas, much of the pollution stems from biomass burning for cooking and keeping warm. As per a study based on 2016 data, at least 140 million people in India breathe air that is 10 times or more over the WHO safe limit and 13 of the world's 20 cities with the highest annual levels of air pollution are in India. As per the World Air Quality Report 2023, of the 100 most polluted cities in the world, 83 are in India. Of the 30 most polluted cities in the world, 21 were in India in 2019 a454089900

The complex has the palace and besides it the other property include Mor (peacock) bungalow on a hillock, Gol Bungalow; stables for elephant, horses and cattle, motor khana that housed a fleet of exquisite vintage cars, a workshop for heavy machinery, petrol pump, several outhouses, two wells and an equal number of water tanks. a454089900

Kasu Brahmananda Reddy National Park 6 km²). It is located centrally in Jubilee Hills and is described as a jungle amidst the concrete jungle. The palace Kasu Brahmananda Reddy National Park is a national park located in Jubilee Hills and Banjara Hills in Hyderabad, Telangana, India. national park located in Jubilee Hills and Banjara Hills in Hyderabad, Telangana, India. 6 km²). The park has an approximate area of 390 acres (1. The Eco sensitive zone was declared on 27 October 2020 by Govt. of India. The palace complex was given to Prince Mukarram Jah on his coronation by his father Prince Azam Jah in 1967. It was declared as a National park by the Andhra Pradesh state government after getting approval from the central government in the year 1998. The park has an approximate area of 390 acres (1 a454089900

Telangana Pollution Control Board Politically, the agency falls under the purview of the State Cabinet Minister for Forest and Environment, Konda Surekha. It operates under the administrative control of the state's Department of Environment, Forests, Science and Technology (EFS&T). The Telangana Pollution Control Board (TGPCB) is a statutory authority tasked with enforcing environmental laws and regulating pollution control measures The Telangana Pollution Control Board (TGPCB) is a statutory authority tasked with enforcing environmental laws and regulating pollution control measures within the state of Telangana, India. Structurally, the sitting Chief Secretary to the Government of Telangana serves as the ex-officio Chairman of the board a454089900
