Early Bronze Age: Following the rise of cuneiform writing in the preceding Uruk period and Jemdet Nasr periods came a series of rulers and dynasties whose existence is based mostly on scant contemporary sources (e.g. En-me-barage-si), combined with archaeological cultures, some of which are considered problematic (e.g. Early Dynastic II). Insecurities about his personal relationships, as well as disillusionment with the music industry, had also contributed to his frustration. Although the details of his final hours and death are disputed, Hendrix spent much of his last day alive with Monika Dannemann. In the morning hours of September 18, Dannemann found Hendrix unresponsive in her apartment at the Samarkand Hotel, 22 Lansdowne Crescent, Notting Hill. She called for an ambulance at 11:18 a.m., and Hendrix was taken to St Mary Abbots Hospital, where an attempt was made to resuscitate him.
