== History and development == d99d3e1d46 The definition of "New Hollywood" varies, depending on the author, with some defining it as a movement and others as a period. The span of the period is also a subject of debate, as well as its integrity, as some authors, such as Thomas Schatz, argue that the New Hollywood consists of several different movements. The films made in this movement are stylistically characterized in that their narrative often deviated from classical norms. After the demise of the studio system and the rise of television, the commercial success of films was diminished. d99d3e1d46 Dual SD card slots, one with UHS-II support. d99d3e1d46
