Mountain Dew The original Mountain Dew, stylized as Mtn Dew in some countries and colloquially known as Dew in some areas, is a soft drink brand owned by PepsiCo. A revised formula was created by Bill Bridgforth in 1958. Mountain Dew, stylized as Mtn Dew in some countries and colloquially known as Dew in some areas, is a soft drink brand owned by PepsiCo. The rights to this formula were obtained by the Tip Corporation of Marion, Virginia. "Bill" Jones of the Tip Corporation further refined the formula, launching that version of Mountain Dew in 1961. The original formula was invented in 1940 by Tennessee beverage bottlers Barney and Ally Hartman. In August 1964, the Mountain Dew brand and production rights were acquired from Tip by the Pepsi-Cola company, and the distribution expanded across the United States and Canada. William H d0bcf810a8

Caffeine Caffeine also increases cyclic AMP levels through nonselective inhibition of phosphodiesterase, increases calcium release from intracellular stores, and antagonizes GABA receptors, although these mechanisms typically occur at concentrations beyond usual human consumption. Caffeine has a three-dimensional structure similar to that of adenosine, which allows it to bind and block its receptors. It is mainly used for its eugeroic (wakefulness promoting), ergogenic (physical performance-enhancing), or nootropic (cognitive-enhancing) properties (particularly in workplace settings); it is also used recreationally, often in social settings. Caffeine is a central nervous system (CNS) stimulant of the methylxanthine class and is the most commonly consumed psychoactive drug globally. Caffeine acts by blocking the binding of adenosine at a number of adenosine receptor types, inhibiting the centrally depressant effects of adenosine and enhancing the release of acetylcholine d0bcf810a8

Things get worse when Cartman, loaded with fast food from the previous night as well as sugar... d0bcf810a8 As Kenny, Stan, Kyle, and Cartman try to decide what to do on the last day of spring break, they suddenly find themselves in a unanimous agreement over a plan to try ziplining for the first time. However, the activity proves tedious, with a lot of safety briefings, small talk and very long waiting and traveling times. The boys decide to leave after the first descent, after which they find the ziplining experience boring; however, they are horrified after the tour guide tells them that there are 16 more ziplines on the tour. d0bcf810a8 Mello Yello was withdrawn from Australia in the early 1990s, being replaced with the similar but uncaffeinated Lift. d0bcf810a8 == Early life, family and education == d0bcf810a8

Mello Yello Cherry was released in response to Mountain Dew Code Red. The other two variants were Mello Yello Afterglow (peach-flavored) and Mello Yello Melon. All three were only available for a limited time. Mello Yello Cherry is available at Coca-Cola Freestyle machines and is still available in limited markets. d0bcf810a8 Between the 1940s and 1980s there was only one variety of Mountain Dew, which was citrus-flavored and caffeinated in most markets. Diet Mountain Dew was introduced in 1988, followed by Mountain Dew Red, which was introduced and discontinued in 1988. In 2001, a cherry-flavored variant called Code Red debuted. Expansions of the product line have continued to this day, including specialty offerings, limited time productions, region-specific and retailer-specific flavors of Mountain Dew. d0bcf810a8 As practiced by the Church of Jesus Christ of Latter-day Saints (LDS Church), the largest Latter Day Saint denomination, the Word of Wisdom explicitly prohibits the

consumption of alcohol, tobacco, tea, coffee (with tea and coffee being labeled as "hot drinks"), and recreational drug use, and encourages healthy practices such as nutritious eating, the sparing consumption of meat, regular exercise, proper hygiene, and getting sufficient rest. d0bcf810a8 == Flavors == d0bcf810a8 However, popular fan bases such as Facebook's "SURGE Movement" led Coca-Cola to re-release the soft drink on September 15, 2014, for the US market via Amazon Prime in 12-packs of 16-US-fluid-ounce (470 mL) cans. Following a test-market for the beverage in the Southeastern United States in early 2015, Surge was re-released primarily in convenience stores in the Eastern United States and some Mountain states in September 2015. Surge was re-released internationally in September 2018 in Burger King restaurants in the Coca-Cola Freestyle machines. d0bcf810a8
