Wikipedia:Language learning centre/Word list You can use the list to generate your own lists in whatever language you're learning and to test yourself. Eventually these words will all be translated into big lists in many different languages and using the words in phrase contexts as a resource. bistable bistro bit bitch bitches bitchiness bitching bitchy bite bite-sized biter biters bites biting bitingly bitmap bits bitten bitter bitterest bitterly Drawing up a comprehensive list of words in English is important as a reference when learning a language as it will show the equivalent words you need to learn in the other language to achieve fluency. A big list will constantly show you what words you don't know and what you need to work on and is useful for testing yourself 1f64ab4f49

Arthropod bites and stings These bites and stings generally occur as a defense mechanism or during Many species of arthropods (insects, arachnids, millipedes and centipedes) can bite or sting human beings. While most cases cause self-limited irritation, medically relevant complications include envenomation, allergic reactions, and transmission of vector-borne diseases. These bites and stings generally occur as a defense mechanism or during normal arthropod feeding. arthropods (insects, arachnids, millipedes and centipedes) can bite or sting human beings 1f64ab4f49
