This regulation applies to all flights to and from the US. In 2018, the Royal College of Physicians asked that a balance is found in regulations over e-cigarettes that ensure product safety while encouraging smokers to use them instead of tobacco, as well as keep an eye on any effects contrary to the control agencies for tobacco.

Cigarette smuggling, also informally referred to as "buttlegging", is the illicit transportation of cigarettes or cigars from an jurisdiction with low taxation to a jurisdiction with high taxation for sale and consumption. The practice, commonly used by the tobacco industry, organized crime syndicates and rebel groups, is a form of tax evasion. Interstate 95, a highway traversing the East Coast of the United States, came to be known informally as "New Tobacco Road" when it became a favorite cigarette-smuggling route. Illicit cigarette trade is usually criminalized.
